<u>Expedited amendment</u>: An amendment submitted by a licensing agency that allows the placement of a child in a foster home outside the parameters of the current license held by the licensee with an intended placement date that exceeds 48 calendar hours. The purpose of an expedited amendment is to change the parameters of the license; it does not include relocations, additional household member changes, marriage, or decreases in population.

V. POLICY

- A. When there are more than eight children (biological, adopted, placements, etc.) in the home, OLR may approve an excess capacity as noted in <u>A.A.C. R.21-6-309</u> to bring the license into compliance.
- B. As outlined in <u>A.A.C. R21-6-309 (F)</u>, decisions by OLR to increase the capacity of a foster home, or to exceed the limits of the license, shall be justified by:
 - 1. adequate sleeping arrangements (as specified by <u>A.A.C. R21-6-310</u> and <u>A.A.C. R21-6-311</u>);

- 2. the support network available to the foster parent;
- 3. the licensee's willingness and ability to provide care for each additional foster child;
- 4. the supervision plan to address adult/child ratios;
- 5. the transportation plan to transport all children in the home.
- C. If the license was issued for kinship care, OLR may waive non-safety requirements per <u>A.A.C. R21-6-406(D)</u> provided a <u>Preliminary Consideration</u> <u>Waiver Non-Safety Licensing Standards for Kinship Care</u> form is approved.

VI. PROCEDURES

- A. When a decision is made for an excess capacity placement, the private licensing agency or the DCS Specialist/Placement Coordinator shall complete the *Excess*<u>Capacity Request</u> form as outlined in DCS Program Policy.
- B. The completed form shall be submitted to OLR by the private licensing agency or DCS Specialist/Placement Coordinator via email to FHLDocs@azdcs.gov as soon as possible but no later than 48 calendar hours after placement has been made.
- C. The <u>Excess Capacity Request</u> form shall be reviewed for completeness the day it is received by OLR.
- D. If applicable, an approved <u>Preliminary Consideration Waiver Non- Safety</u>
 <u>Licensing Standards for Kinship Care</u> form shall be submitted with the <u>Excess Capacity Request</u> form. Kinship Waivers shall be submitted to <u>OLRKinshipWaivers@azdcs.gov</u>.
- E. An amendment request may or may not be needed. If an amendment request is needed, the FHL Manager or designee shall create the amendment in the Department's electronic database when it is determined the Excess Capacity Request form is complete, and may approve the amendment if the above conditions are met. Notification of the decision shall be made to the following:

Note: If this is an initial application, once child(ren) are placed in the home, the private licensing agency will need to submit an amendment to restrict the license to the current placements as soon as possible but no later than 48 calendar hours after placement has been made.

- F. This request shall be considered an Excess Capacity Request; payment to the foster parent can commence with the submission of the completed <u>Excess</u>
